Dixon, IL – The Illinois Department of Transportation announces today that weather permitting, construction work on IL 2 (Blackhawk Blvd.) in South Beloit will begin on Tuesday, May 26, 2015. Alliance Contractors will be starting work to make repairs to the bridge over Turtle Creek just south of the Wisconsin-Illinois State line.

Traffic will be restricted to one lane in each direction while one half of the structure is repaired at a time. Improvements include replacing the expansion joints on the bridge, making concrete repairs to the bridge deck and placing a new surface on the structure.

Drivers should be alert for the lane closures and plan for short delays due to slower traffic through the area. The \$314,033 project is scheduled to be completed by mid-July.

Please slow down and use extreme caution while driving through all work zones.
